B	PANT LENGTH	15	16	17	19				

SIZING GUIDELINES

MEASURING YOUR HOCKEY PANTS

WEARING YOUR HOCKEY PANTS, MEASURE THE CIRCUMFERENCE AROUND YOUR WAIST WITH THE HOCKEY PANTS BELT TIGHTENED.

NOTE: HOCKEY PANTS GENERALLY HAVE KIDNEY PROTECTION. THE WAIST AREA IS JUST BELOW THE KIDNEY PROTECTION.

MEASURE THE LENGTH OF THE HOCKEY PANTS FROM THE WAIST AREA UNTIL THE END OF THE PANTS.

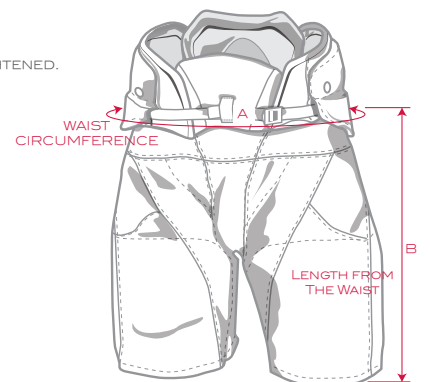

SELECTING THE CORRECT PANT SHELL

THE WAIST OPENING SIZE IS THE SIZE OF THE PANT SHELL UNTIGHTENED. YOU SHOULD SELECT A SIZE THAT IS **LARGER** THAN YOUR MEASURED WAIST CIRCUMFERENCE OF YOUR HOCKEY PANTS.

THE PANT SHELL LENGTH SHOULD BE ROUGHLY 0.5 - 1.0 INCHES **LONGER** THAN YOUR MEASURED HOCKEY PANT LENGTH.

THE LENGTH YOU WOULD LIKE WILL DEPEND ON YOUR PREFERENCE OF HOW MUCH COVERAGE YOU WANT HANGING OVER YOUR HOCKEY PANTS. GENERALLY 0.5 - 1.0 INCHES IS SUFFICIENT COVERAGE.

NOTE: PANT SHELLS ARE **NOT** DESIGNED TO COVER THE KIDNEY PROTECTION AREA.

*NOTE: **WE CAN SUGGEST SIZING BUT ULTIMATELY IT IS YOUR RESPONSIBILITY TO DOUBLE CHECK THE SIZING WILL ACTUALLY FIT YOU.**

IT IS HIGHLY RECOMMENDED YOU TAKE THE TIME TO CAREFULLY MEASURE YOUR HOCKEY PANTS.

WE ALWAYS SUGGEST YOU ERROR ON THE SIDE OF CAUTION AND SELECT A SIZE THAT IS SLIGHTLY LARGER RATHER THAN TOO SMALL.
